MANAGING COMPLICATIONS IN RIDGE PRESERVATION

Worried about complications in ridge preservation grafting? Join Dr. Jay Reznick on October 29th and gain the confidence to handle any challenge with ease.

In this 1-hour session, Dr. Reznick will dive into the common challenges associated with alveolar ridge preservation grafting, from infection to graft failure, and provide actionable strategies to minimize risks. You'll also learn how to recognize early warning signs of complications and apply effective management techniques for successful graft integration. This course is essential for clinicians looking to enhance their surgical outcomes in dental implantology.
