Join **Team Solea** for an Over-the-Shoulder Event and have the chance to witness Solea in action! Discover how the Solea® All-Tissue Laser is a comprehensive dental practice solution unlike any other. This 9.3-micron CO₂ laser enables anesthesia-free, blood-free, and pain-free procedures in hard and soft tissue!¹ Combined with Convergent Dental's unique success support community, Solea can help elevate and grow your practice through improved efficiency, patient experience, clinical effectiveness, and procedural expansion.²

Novel Technology: Explore how Solea enables precise, controlled tissue management of enamel, dentin, decay, gingiva, and bone.

Clinical Versatility: Learn how the Solea can benefit almost every patient, every day with applications in restorative, soft tissue, implant, airway, TOTs, and cosmetic procedures.

Practice Impact: Understand how improved efficiency, clinical effectiveness, and patient experience combine to create a profound impact on practice growth.

Dr. Ryan Slaten, DDS

Dr. Ryan Slaten graduated from Ohio State University, before furthering his dental education at Spear Education. He is passionate about using various forms of technology to better his patients' dental experiences, and encourage them to maintain a lifetime of good oral health. While working toward his Doctor of Dental Surgery degree, he attended postgraduate courses on various topics, including tissue grafting, osseointegration, dental implants, neuromuscular dysfunction, CEREC restorations, Lumineers, and dental aesthetics. Dr. Slaten continues his education through membership in a variety of local and state dental societies. As one of the first 100 Solea users in the country, he has a vast knowledge of all aspects of Solea and has been instrumental in pushing the boundaries of the technology to continuously find new applications over the last decade.
