

1 CE VIRTUAL ROUND TABLE DISCUSSION

Laser Dentistry: Elevate Your Pediatric Practice

Tuesday, March 10th | 6PM - 7PM CT

Discover how the 9.3-micron CO₂ all-tissue laser can elevate your practice through improved efficiency, patient experience, clinical effectiveness, and procedural expansion. This round table discussion will cover clinical and business cases that demonstrate the benefits anesthesia-free, blood-free, and pain-free procedures provide you and your patients.

Novel Technology: Explore how the 9.3-micron wavelength enables precise, controlled tissue management of enamel, dentin, decay, gingiva, and bone.

Clinical Versatility: Learn how the 9.3-micron CO₂ all-tissue laser can benefit almost every patient, every day with applications in restorative, soft tissue, tethered oral tissues, operculectomy, pulpotomy, and stainless steel crown procedures.

Practice Impact: Understand how improved efficiency, clinical effectiveness, and patient experience combine to create a profound impact on practice growth.

Tuesday, March 10th | 6PM - 7PM CT

Virtual Round Table Event

Cost: Complimentary

EVENT SPEAKERS

DR. JARED POPLIN, DMD

Dr. Poplin received his DMD from Temple University School of Dentistry and completed an additional two-year pediatric residency at St. Christopher's Hospital for Children in Philadelphia. Dr. Poplin has extensive training and experience in nitrous oxide, oral sedation, general anesthesia, and dental trauma. He is also a Diplomate of the American Board of Pediatric Dentistry. Dr. Poplin excels at working with children who are extremely fearful as well as children with special needs.

DR. SCOTT BARBEE, DDS

Dr. Barbee graduated from University of Louisville College of Dentistry, and has provided top pediatric dental care since 2005. Prior to opening his practice, Dr. Barbee completed his residency through the Baylor University College of Dentistry in Dallas, Texas, where he worked with special needs children at Texas Scottish Rite Hospital and Children's Medical Center.

DR. JENNIFER CRISS, DDS

Dr. Criss graduated with honors from the University of Texas Health Science Center at San Antonio Dental School. Dr. Criss completed her Pediatric Residency in 2005 at Baylor College of Dentistry in Dallas, where she trained at Children's Medical Center and Texas Scottish Rite Hospital. Dr. Criss became a board certified Pediatric Dentist in 2007. She holds diplomate status with the American Board of Pediatric Dentistry and fellowship status with the American Academy of Pediatric Dentistry.

DR. ACKEILIA HEATRICE, DDS

Dr. Heatrice earned her DDS from Howard University School of Dentistry and completed a one-year General Practice Residency program at St. Elizabeth's Hospital in Washington, D.C. Following her residency, Dr. Heatrice worked as a general dentist for eight years before pursuing a Pediatric Dental Residency at the Columbia University College of Physicians and Surgeons at Harlem Hospital. She is committed to delivering the highest quality care while creating a fun and playful environment for her patients.
